

● Important Product Life Cycle Notification

Instrument:	Solid-State Probe MASCAT I (all diameters)
Last Delivery:	2013
End of Service:	2018
Successor:	MASCAT II (2nd Generation)

To ensure our customers are better able to plan for the future and continue work with minimal interruption, Bruker provides ongoing communication of product life cycle notifications, which can also be found here.

Please be advised that systems which enter the end of service phase will be effected by limited, or no, parts availability and restrictive service options.

To ensure continuity, we recommend contacting your local Bruker office to discuss replacement options.
